

Proposal Name: Test DAOVote Functionality

Authors: Nano MonkeDAO Supersimon MonkeDAO Undëe MonkeDAO

Voting Rules

Category: General (No Treasury Spending)

Duration: 12 hours

Quorum: No Requirement

Passing vote: No Requirement

Summary

We need to test DAOVote (MonkeDAO's on-chain voting solution), so we're asking a simple question before the SMB Gen3 reveal:

"Which of these previewed traits are you most excited to mint?"

Overview

Select up to 5 traits you are most excited to mint in the SMB Gen3 Collection.

Goals / Evaluation Metrics

- Test DAOVote
- Test many options in a single vote
- Test multi-choice voting
- Be hyped for tomorrow

Benefits to DAO & Individual Members

- Permanent on-chain voting solution for SMB Gen2 holders

Risks & Concerns

- Potential bugs found during testing

Tentative Timeline/Roadmap

- Additional test(s) to be run if problems are found
- DAOVote to be used for the next MonkeDAO election (July 2023)

Treasury Spending

None
