Summary

Give 250 Tensorian Shards to MonkeDAO member “Konzo”, who recently had their wallet drained as the result of interacting with a scam post on the MonkeDAO discord.

Proposal Details

MonkeDAO member “Konzo” connected their wallet to a website posted by an imposter “jemmyjemm” scam account. Various roles were tagged in the MonkeDAO discord by this scammer with links purporting to be related to Tensor points. Konzo’s wallet was then drained of 500+ SOL, including an SMB Gen2 NFT.

This proposal is for MonkeDAO to provide Konzo with assets from the treasury to make up for their loss.
