Proposal Details

Key changes include:

- The addition of a Workshop Stage for gathering feedback and editing proposals, reducing proposal fatigue for members who may only want to view more developed ideas
- Clarification that the Board is to play the role of judiciary in resolving governance disputes
- Simplified categorization of proposals
- Adding a Disclosures section in proposals
- Adding a publicly viewable [Proposal Tracker](#) log

Goals / Evaluation Metrics

- Increase governance participation and encourage high-quality, meaningful proposals through the creation of the workshop stage.

Benefits to DAO & Individual Members

- Prevent proposal fatigue by using a voting system that is community driven and removes friction from its organisational structure.
- Protect MonkeDAO from bad-faith governance attacks and legal risks.

Risks & Concerns

- Quorum and threshold figures at all stages may need tweaked during low/high activity periods.
- Members of the community might not fully understand the changes and have frustration with the update.

Tentative Timeline/Roadmap

- As soon as the vote is ratified by the Upper TreeHouse the new VPP will go into effect.

Treasury Spending & Impact

- None
